Confidentiality Statement

During the time I am employed at Prosperity Connection, or that I serve on the Prosperity Connection Board of Directors, I understand that I will gain access to documents, materials, data or and other information that is confidential and/or proprietary and/or constitutes trade secrets (the "Confidential Information"). Such Confidential Information relates to, among other things, instructional content created for the organization and criteria or decisions made regarding the business of Prosperity Connection. Since Confidential Information is valuable and crucial to the operation of the organization, and because Prosperity Connection has the obligation to protect such Confidential Information, I agree that I will treat all Confidential Information as strictly confidential and shall not use, publish or disclose such information during or subsequent to my employment or participation on the board of directors except as may be required to perform my duties and obligations to Prosperity Connection and then only within the limits and to the extent of such duties. I further agree that I will preserve the restricted nature of Confidential Information except to the extent that it becomes publicly available, or is otherwise lawfully obtained outside the scope of this agreement from third parties, provided, however, that nothing herein shall be construed to prevent disclosure of Confidential Information as may be required by applicable law or regulation, or pursuant to valid order of a court or government agency.

Conflict of Interest Policy

The Board of Directors and staff members of Prosperity Connection are encouraged to have active roles in the community by being involved with a wide spectrum of businesses or other nonprofit organizations. This means that, from time to time, potential conflicts of interest or the appearance of such conflicts will inevitably arise. It is Prosperity Connection's policy to deal with such conflicts appropriately and transparently. This policy is intended to supplement but not replace any state and/or federal laws governing conflicts of interest applicable to Prosperity Connection.

Conflicting involvements relate to activities that would compete or interfere with Prosperity Connection's interests, interfere with the ability of the board or staff member to work in the best interests of Prosperity Connection, create divided loyalties, and/or financially benefit the board or staff member. Such activities involvements may include but are not limited to the following: serving as a board member of other organizations, immediate family members serving as a board member of other organizations, board members, staff members, or their immediate family members being employed by or doing business with organizations that could potentially share the same significant funding source or be employed as a vendor by Prosperity Connection.

In case of such conflicts or the appearance thereof, board members and staff are expected to disclose the conflict before making any related decisions. Once such a disclosure has been made, the Executive Director and/or remaining board members will determine in their sole and absolute discretion whether there is a potential conflict of interest. Board member(s) involved shall abstain from voting and shall not participate in discussion other than to answer specific questions that may be raised by other board members.

Conflict of Interest Disclosure

Additionally, as an employee or member of the board of directors, I realize that I have an obligation to disclose and eliminate (if necessary) any potential or actual duality of interest or conflict of interest. Below, I will list all businesses, community organizations, nonprofit organizations, or charitable programs that I or a member of my immediate family has a relationship with. The term "relationship" means any relation with a person or organization through which the employee or board member either has or potentially has a significant legal commitment or financial interest to act for the benefit of the other person or organization, whether financial (such as a significant donation of more than \$500), employment (such as a volunteer assignment, part-time job or as a consultant or independent contractor), ownership (such as being a shareholder or member), or fiduciary (such as a board member or officer). The term "immediate family" means spouse, parent, child or other individual living in the same household.

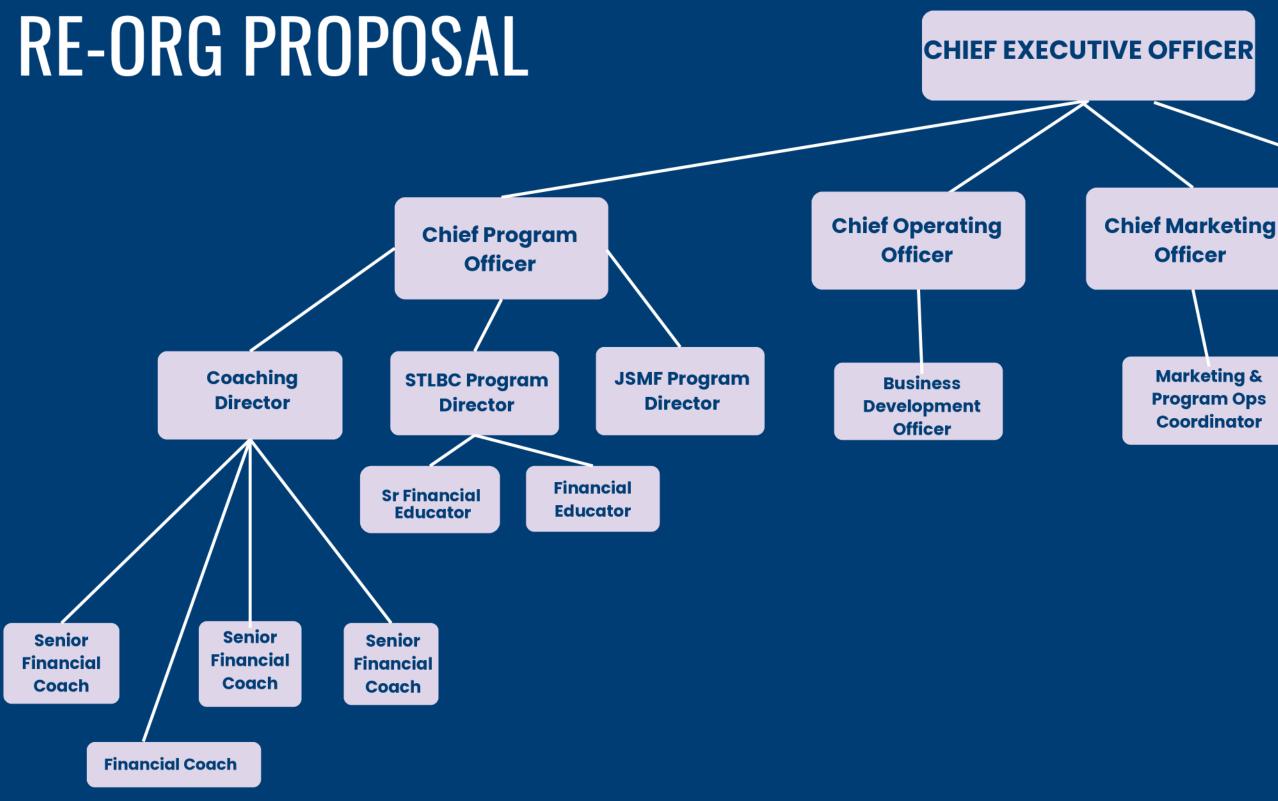

I have listed the following businesses, community organizations, nonprofit organizations, or charitable programs that I or a member of my immediate family has a relationship with, that have sought or may in the future seek to do business with Prosperity Connection.

I hereby certify that I have read, understand and agree to comply with the policies as described in this statement, with respect to confidential information and conflict of interest, and that the information given in this statement is complete and accurate to the best of my knowledge.
